## **MOTORCYCLE TRANSPORTATION CONTRACT**

### **General services to be expected for the care and transport of your bike:**

An inspection will be done prior to loading, any and all visible dents/scratches and defects will be listed.

CK5 will load each bike individually and secure bike with suitable strapping so as to protect the finish and original condition of the bike at all times. Alarms must be off, collar locks must be left open and chain or cable locks cannot be used. Ignitions must remain "unlocked".

Any bike or bags found to have narcotics, illegal drugs or weapons on the trailer will be turned over to the officials without liability to CK5 and without refund to the bike owner. CK5 will assist law enforcement with such investigations at any time and not be held liable.

Fuel tanks must no more than 1/4 tank of fuel. If there is more than that then CK5 will remove the extra fuel and will dispose of fuel and not be held liable for the return of said fuel.

Motorcycles are covered under CK5's insurance policy while in our possession. All insurance policies have a \$500 deductible.

### **CK5 will not be liable for the following**

Damage caused by leaking fluids, battery acids, cooling system antifreeze solution or "any" act of God.

Parts or accessories that are loose, torn, brittle or have extensive wear.

Owner is responsible for preparing motorcycles for shipment. All loose parts, fragile or protruding accessories, must be removed and/or properly secured. Any part of the motorcycle that falls off in transit is the owner's responsibility, including damage to any and all motorcycles involved, caused by said part/fluid.

If owner uses his/her own tie-downs we are not responsible for faulty craftsmanship due to manufacturing defects (i.e. defects in factory welds of tie-downs) or damage that results to motorcycle from the tie downs breaking or tearing.

Mechanical functions, exhaust assembly, undercarriage, alignment, suspension, turning off engine, dead batteries or alarms. Owner is responsible for disengaging alarm system while in transit.

Damage caused by freezing of cooling system and/or batteries.

Damage to antennas that do not retract to within three (3) inches of bike body. Owner are required to remove antennas that are longer than three (3) inches and ship with the motorcycle.

Damage to any bike that cannot be driven on or off transporter under its own power. Brakes must be in good working order.

Damage unable to detect due to motorcycle's dirty condition.

Damage covered by your insurance while in transit.

**Payment:**

Deposits are non refundable under any conditions. Balance is to be paid in full 10 days prior to pickup and is also non-refundable if the space can't be filled.

CK5 may cancel or refuse a reservation for any reason.

The reload for the trip home requires bikes to be back by 9am on the last Sunday of the event. Failure to do so may result in a fine or your bike being left behind. We hate to do this but loading can be a long process and getting out before the crush is very important from both a time and safety standpoint. We are one of the very few carriers who leave on the last Sunday as most others require bikes back by Saturday afternoon. Thank you for your cooperation in this matter!

If you have any questions regarding the terms in this contact please contact us. If not please sign and forward with your deposit of 25%.
